

2022 NCRAL Newsletter Editor Award

Rev. Eugene M. Brown
Minnesota Astronomical Society

Father Brown has been a member of the Minnesota Astronomical Society (MAS) since May 2007. In 2008, he took over the duties of editing the MAS bimonthly newsletter, ***Gemini***. He oversaw the transition from a printed publication to one available both in printed form and electronically then finally to an electronic-only publication over the course of the last half of the 20-teens.

Father Brown consistently maintains a high level of professionalism and works with our members to always provide interesting articles for every issue of the ***Gemini*** and continues to emphasize the use of color pictures and graphics in the articles, especially enhancing the publication after the transition to electronic publishing.

From the nomination letter of Steven Emert
MAS Membership Coordinator

Reverend Eugene Brown of the Minnesota Astronomical Society
