Matthew Ryno

Milwaukee Astronomical Society

This year's recipient of the NCRAL Region Award is Milwaukee Astronomical Society's Matthew Ryno. The Region Award is NCRAL's most prestigious award given to a member who demonstrates extraordinary skill, generosity and devotion to promoting amateur astronomy and supporting NCRAL goals and events. The above slide detailing Matt's accomplishments was shown at the NCRAL 2024 conference in DePere, WI. Though impressive, this list doesn't do justice to his high level of involvement and commitment to popularizing the hobby. In the month after the conference, Matt was elected vice-president of MAS and has also volunteered to serve on the newly formed NCRAL 2025 conference committee. Obviously, he is not one to rest on his laurels. Congratulations to Matt for receiving the 2024 NCRAL Region Award.

A handwritten signature in black ink that reads "Alan Sheidler". The signature is written in a cursive, flowing style.

Alan Sheidler, NCRAL Chair
