Bob King

Arrowhead Astronomical Society & Minnesota
Astronomical Society

This year's recipient of the NCRAL Region Award is Bob King, a member of Arrowhead Astronomical Society and Minnesota Astronomical Society. The Region Award is NCRAL's most prestigious award given to a member who demonstrates extraordinary skill, generosity and devotion to promoting amateur astronomy and supporting NCRAL goals and events. The above slide detailing Bob's accomplishments was shown at the NCRAL 2025 conference in Minnetonka, MN. Though impressive, this list doesn't do justice to his high level of involvement and commitment to popularizing the hobby. The North Central Region of the Astronomical League takes great pride in giving this award to a very deserving recipient. Congratulations to Bob for receiving the 2025 NCRAL Region Award.
